

Evansville Metropolitan Planning Organization

Program Year 2024 Annual Listing of Obligated Projects

Evansville MPO

Henderson • Vanderburgh • Warrick

October 2024
Indiana, Kentucky, Transit, and Planning Obligations

The Evansville Metropolitan Planning Organization Transportation Improvement Program (TIP) contains a listing of transportation projects proposed to be undertaken over a five-year period. Many, though not all, of the projects in the TIP will utilize funds from the Federal Highway Administration (FHWA) and/or Federal Transit Administration (FTA). Project schedules and costs often change based on a number of variables. As a consequence, the TIP does not always present the latest project expenditure information.

In an effort to further inform the public about how federal funds are actually spent, federal regulations require that Metropolitan Planning Organizations publish an annual listing of projects for which federal funds have been obligated in the preceding year. By definition, an obligated project has received authorization by a federal agency. This authorization is the federal government's legal commitment to pay the federal share of a project's cost. Project obligation does not necessarily mean that work is underway. The project process may require additional steps, such as design consultant selection, or the completion of a letting process, before work can commence.

This report documents transportation projects in the Evansville MPO region that were obligated for spending using federal funds during the program year 2024. The TIP document that was in effect during fiscal year 2024 was the 2024-2026, therefore, the TIP or programmed information provided in the following tables is primarily from this TIP document. Please note that Indiana FHWA projects and FTA projects in both states reflect a state fiscal year reporting period (July 1, 2023 to June 30, 2024). Kentucky FHWA projects are reported for federal fiscal year 2024 (October 1, 2023 to September 30, 2024).

Some current highlights for the Indiana and transit related projects include:

- \$155.2 million in FHWA funds obligated to 32 contracts in the Evansville-Henderson region.
- \$5.3 million in FTA funds committed to METS, HART and non-profit transit services.
- \$12.1 million in Evansville MPO dedicated funds obligated to 5 LPA contracts.

The report contains the detailed funding information for the Indiana and transit projects receiving obligated funds in fiscal year 2024.

Evansville MPO - Annual Listing of Obligated Projects - State FY 2024 (July 1, 2023 - June 30, 2024)
