

## COMMUNITY PUBLIC TRANSPORTATION SURVEY NOTICE

### **RE: Community Survey Regarding the Transportation Needs of Individuals with Disabilities, Seniors, Youth and Individuals with Limited Incomes**

The Evansville Metropolitan Planning Organization (MPO) is conducting a general public survey to determine the transportation needs of individuals with disabilities, seniors, youth and individuals with limited incomes in Vanderburgh, Warrick and Henderson counties. The survey results will be used to develop a list of barriers, needs and gaps in public transportation, and recommendations for improvement within the regional *Coordinated Public Transit-Human Services Transportation Plan*. This plan is a requirement of the Federal Transit Administration (FTA) in order for our region to continue to receive *Section 5310: Enhanced Mobility of Seniors and Individuals with Disabilities* funding. These funds are used to purchase buses and vans for METS Mobility, HART Paratransit Service, and area non-profit organizations that serve seniors and individuals with disabilities.

A link to the online survey can be found at [www.evansvillempo.com](http://www.evansvillempo.com). Surveys will be accepted through January 31, 2017. Hard copies of the survey are available at the Evansville MPO office: Room 316–Civic Center Complex, One NW Martin Luther King, Jr. Blvd, Evansville, IN 47708.

If you have questions regarding the survey or *Coordinated Public Transit-Human Services Transportation Plan* please contact the MPO via mail, email or phone listed below.
