This item was informational and did not require committee action.

b. CY 2024 Call for Projects – presented by Erin Schriefer

The Call for Projects for FY 2031 and beyond was officially announced yesterday. An email was sent to our Indiana LPAs announcing that the Call is now open. The application, along with the Reference Guide and a budget table, has been posted to the Evansville MPO website: www.evansvillempo.com.

The Call for Projects is open to Indiana LPAs to apply through us for Federal Highway Administration funding. Any project, regardless of anticipated FHWA funding source, is eligible for submission. Project applications should be submitted through an Employee of Responsible Charge. As has been in the past, a Letter of Financial Commitment and project budget must be submitted with the application. Applications are due back to the MPO by the end of the day on Friday, July 26, 2024.

This item was informational and did not require committee action.

4. NEW BUSINESS

a. 2024-2028 TIP Amendments – presented by Pam Drach

The Evansville MPO amended the FY 2024-2028 Transportation Improvement Program with the following:

Sponsor	Contract	Des#/ID#	Road	Description	County	Work Type	Funding Type	% Split	Action	Fiscal Year	Phase/S ource	Current TIP Entry Total	New TIP Entry		
													Total	Federal	State/Local
All amounts in thousands															
KYTC			N/A	Development of a Regional Safety Action Plan	Henderson	Planning	SS4A	80/20	Add Project	2025	PE	\$0	\$216	\$173	\$43
	Includes Counties: Daviess, Hancock, Henderson, McLean, Ohio, Union, and Webster												\$0	\$0	
INDOT	45653	2400584	Various	Electric Vehicle Charging Infrastructure	Various	Other Type Project (Miscellaneous)	EVC-RAA	80/20	Add Project	2025	PE	\$0	\$153	\$122	\$31
	Funding: Electric Vehicle Charger Reliability and Accessibility Accelerator (EVC-RAA) Grant												\$0	\$44	\$35

The first project listed, adding the Development of a Regional Safety Action Plan to the TIP, a public review and comment period was publicized for June 26 through July 10, 2024.

The second project listed, adding an INDOT project for Electric Vehicle Charging Infrastructure, is an emergency amendment request. The project is exempt from conformity, meaning the project will not cause a new negative air quality impact. The request was not received in time to include in the publicized public review and comment period.

Nate Hahn asked for clarification on the public comment requirements, and if this meeting can serve as the opportunity for public comment. Pam Drach explained the meeting can serve as a public comment opportunity, but that the Evansville MPO also has a policy in place for processing emergency amendments in situations like this where the project needs to be included in our document quickly. It will also need to go through review from the STIP (State Transportation Improvement Program), so there will be a continued opportunity for anyone to comment on that project.

David Broderhausen made a motion for approval and Thomas Witt seconded the motion; motion carried.

b. 2024-2028 TIP Modifications – presented by Pam Drach

RE: CY 2024 Call for Projects for Indiana LPAs

DATE: September 5, 2024

On July 10, 2024, the Evansville MPO announced a Call for Projects for FY 2031 and beyond for Indiana LPAs. Thirteen applications were received and reviewed following the project selection process guided by the Goals and Objectives in the MTP 2050. The following provides a summary of the top recommended project for each LPA:

Project	LPA	Recommended Program Year for TIP 2026-2030
Epworth Rd (Tecumseh Dr to SR 662)	Warrick County Project includes lane widening with curb and gutter, new storm sewers, bike lanes and a sidewalk/trail. This segment of Epworth Rd was previously included in the entire corridor from Frontage Rd to SR 662 approved for Federal funding during the CY 2022 Call. Due to additional environmental work, this segment of the corridor must proceed as a second phase.	FY 2031
	Evansville Project includes adding a two-way center turn lane and various bicycle and pedestrian facilities, including bike lanes, sidewalks, and a sidepath. Signal modifications at various intersections and pedestrian crossing improvements will also be made.	FY 2032
Petersburg Rd (Club House Dr to Boonville New Harmony Rd)	Vanderburgh County The project includes reconstructing Petersburg Rd to provide curbs, storm sewers, and a sidewalk on the east side of the road. Left turn lanes will be added at the entrance to McCutchanville Elementary School and at the intersections with Championship Dr and Keefer Dr.	FY 2033

Your approval designates these projects for MPO funding. The federal participation level for these projects will be determined as part of the upcoming Transportation Improvement Program (TIP) development process.

This is an action item for the Policy and Technical meetings.
